VOTED UNANIMOUSLY

City Council Accepts Beach Park Planning

Two Ocean Beach residents registered protests against the proposed Ocean Beach Park development at Thursday's City Council session, but councilmen voted unanimously to adopt the park plans as approved by the city Park and Recreation Board.

Mrs. Joan Farman and James Cummins, two of the most vocal opponents of the park development as now proposed, spoke in opposition. Mrs. Farman also announced that she had resigned from the Mission Bay and Beaches Committee of the park board.

The council action approves development plans for the northern and southern sections of the park and authorizes advertising for bids on those sections. Still awaiting final action is the central section of the park.

Mrs. Farman, 1569 Ocean Front St., said she resigned from the Bay and Beaches group because she had been told that her previous appearances before the City Council on park matters—as a private citizen — were "out of line."

Mrs. Farman renewed earlier criticism of the recreation department that plans for the park had been mailed to state agencies for approval before final approval had been given by the city Park and Recreation Board.

Major Critic

Mrs. Farman suggested to the City Council that the recreation department and the parks department be reorganized with one person in charge of both. She said there is presently too little coordination between the two departments.

Mrs. Farman also said she was "disturbed" that three landscape architects that reviewed the city plans for the park and those of a private citizen had reported that both were poor. She criticized the city for spending $160,000 on plans that "competent men don't like."

Mrs. Gloria Pert, 1096 Devonshire Dr., told the council that the park plans "have been jockeyed from one hand to the other" for several years. She said she has confidence in the city Recreation Department and Planning Department and felt the park should be developed as planned.

James Cummins, 5118 Saratoga, said he was concerned about the road system being developed for the park. He cited extra traffic in the area, additional police costs, and the loss of parking spaces.

Tom Ham, a Point Loma businessman, said the park plans were not "1,000 percent perfect but pretty close to it."

"I think this park should move ahead now," said Ham, "and that we should not hesitate another minute."

Only Justification

Douglas Giddings, chairman of the Park and Recreation Board, said that the only justification for withholding immediate approval of the plans was if inadequate public hearings had been held. Giddings said that the Ocean Beach Park was a regional park and that valuable beach areas could not be developed for limited neighborhood use as some citizens wanted.

"It would be a violation of our trust to develop this as a neighborhood park," said Giddings. He said that he felt traffic problems created by the park did not outweigh its benefits.

The development of the central portion of the park is now under study by Peninsulans, Inc., and the Ocean Beach Town Council.

OLD KIWANIAN PRESIDENTS NEVER DIE — They just join the ranks of Kiwanians welcoming the new president; in this case Chuck Baldwin, left, of the Ocean Beach Kiwanis Club. He took over the office from outgoing president Maury Parson at the annual installation Friday night, at L'Escale. New officers also include Vice President Jack Wardlow, Treasurer William R. Leaf, and Secretary W. D. Rodberry. Board of directors includes Deane Ebner, J. J. Hulet, Lamar Hunt, Chester Mellison, Maurice Papier, Edwin Peterson, and Joe Richardson.

Town Council Still Lacking Its Papers

A succession of snags, both major and minor, have held the course of the Ocean Beach Town Council's development.

The "minor" snags could have added together to create a major obstacle to the council's progress, but for the determination of the community to overcome its difficulties.

The latest gnarly problem has arisen from certain required minor amendments to the incorporation papers.

The pill is all the more bitter to swallow, since the town council has waited over three months for the papers to be returned from Sacramento.

When the minor modifications are made, the articles of incorporation must be re-submitted, further delaying the council's progress.

The articles will be mailed tomorrow, effectively cancelling the scheduled installation of officers planned for the week ahead. The only thing to be done, according to president Ned Titlow, is to hold tight until the papers are returned.

In the meantime, the installation and general meeting have been postponed until Feb. 16. An open board of directors meeting will be held Feb. 1 to discuss the situation. By that time, Titlow hopes the articles will have returned to Ocean Beach and the town council can move into high gear.

The town council can do nothing officially until the articles are approved, but in the meantime, unofficial action is necessary to keep the organization on the move.

Titlow is confident the articles will return in a few weeks, in time for the first scheduled merchants' committee meeting.

Some of the "unofficial" acts, due to become official when the papers are returned, have included establishing a budget committee and hiring an executive secretary.

The staff member who will run the town council offices during the day has been named. He is Albert G. Breiding, of 4883 Del Monte Ave.

Breiding is a former attorney and real estate broker. He is studying for his California bar examination. His wife is a librarian at California Western University.

Titlow thanked the other 30 people who applied, and noted that the large number indicates a great deal of support for the town council among the members of the community.

The next official act of the town council is the installation and general meeting, which will feature a report to the community from councilman Sam Loftin.

Staff Chief Takes Office Aboard Depot

A year-end change in staff at the Marine Corps Recruit Depot occurred last week as Col. Roy H. Thompson, new Chief of Staff, replaced the retiring Col. D. W. Sherman.

Thompson, a 28 year veteran of the Marine Corps, served as Commanding Officer, Headquarters and Service Battalion at MCRD prior to his appointment.

Col. Thompson is a native of Pearsall, Texas. He has seen duty in World War II, Korea, and recently in Vietnam.

Before reporting to MCRD in October, he held various staff and command positions in Vietnam, including assistant Chief of Staff, Intelligence, Third Marine Amphibious Force; Commanding Officer, Fourth Marine Regiment; and Assistant Chief of Staff, Operations and Training, Third Marine Division.

During his 28 years' service, he has captured two Legion of Merit Awards with Combat "V," two Bronze Star medals with Combat "V," and the Navy Commendation Medal with Combat "V."

Col. Thompson, his wife Norrine and their two children, Mark and Cheryl, reside at 3852 Wildwood Road. Mark is currently studying at the Virginia Military Institute.

Col. Sherman has served as Chief of Staff since January, 1967. He arrived in MCRD Sept. 1966, after a tour of duty as commanding officer of the Fourth Marines in Vietnam.

A veteran of 26 years' service and three wars, his decorations include the Legion of Merit with Combat "V" and Bronze Star, the Bronze Star medal with Combat "V" and Oak Leaf Cluster, the Air Medal, and the Navy Commendation Medal with Combat "V."

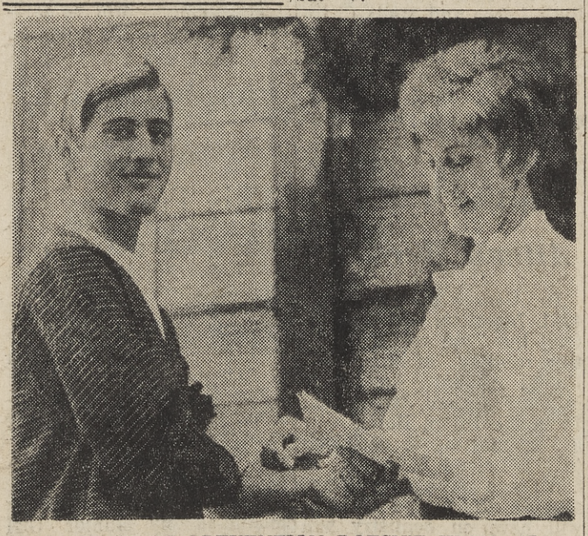
Councilman Learns Post

New City Councilman Sam T. Loftin said this week after one month on the job that he's "still wearing swaddling clothes and still learning."

Loftin, who was elected to the District 2 council post vacated by Ivor deKirby, said he is "still doing a lot of thinking and not much talking" at council sessions. "I try to get both sides of a matter and vote my conscience,'" said the freshman councilman.

Loftin said that he finds everyone friendly at City Hall and that he is enjoying his job.

"It's a great challenge," he said.



AN OUNCE OF PREVENTION DOESN'T HURT—The tuberculin skin tests to be given to eighth graders at Dana Junior High School Jan. 15 don't give anyone a case of the "hypodermic shivers," according to Doug Madruga, left. No needles will be used when the tests are administered by the school nurse, Marie Curtright. Tuberculosis is on the increase, national figures indicate, and the school tests are designed to spot cases before they spread into the community. The test is free, and is sponsored through donations to Christmas Seals.

Housing Shortage Can Bring Squeeze

(Editor's Note: This is the third in a series of articles dealing with the problems of the Peninsula as outlined in the Peninsula Community Plan nearing completion.)

Faced with the projected housing shortage in the next few years (discussed last issue), Peninsulans, Inc., the community planning organization, realizes the importance of establishing community goals.

The goals will provide a guideline to make easier the Peninsula's transition into a thickly populated area, while preventing haphazard development and inconsistent zoning.

In order to formulate goals, the planning group has met with city Planning Department staff to research the factual background of the community plan.

The goals represent the policy guidelines as expressed by a community's residents. Peninsulans Inc., a group of local residents and businessmen, have put their ideas into the plan's rough draft. The remaining citizens will have a chance to discuss the community goals and the plan itself at the public meeting Jan. 24.

Twenty Years

Goals, and their means of implementation, should be considered over a period of twenty years. It is not necessary to start all the programs at once, nor should programs be planned solely for their short-term benefits.

With these qualifications in mind, Peninsulans Inc. have formulated the following tentative goals:

Peninsulans Inc. has been concerned with preserving the natural beauty of the community, including its rugged topography, substantial landscaping and natural vegetation, and access to water.

High on the list of aesthetic priorities is the preservation of the Peninsula's excellent views. Included also are problems of sign control, building bulk controls, and concerns with architectural styles and a proper use of vegetation and landscaping. The need is to set man in a beautiful and functional environment.

A second goal, very important to Peninsulans Inc., is preserving the residential character of the Peninsula as much as possible. Such a goal would also protect the quiet, single-family areas from intrusion, and would attempt to revitalize the older and less beneficial residential areas.

Residential Control

Zoning, land use, and density controls may all be used to insure the preservation of the residential character. New residential developments may be based upon logical patterns relating closely to the existing character of specific areas.

To protect the quiet, single-family areas, Peninsulans Inc. is prepared to place the increased population and heavier density of commercial areas on the edges of the community. The central ridge and slopes would remain low density land.

Revitalization of older residential areas with deterioration problems could require several steps. Peninsulans Inc. is investigating the possibility of changes in multi-family zoning patterns to produce a more beneficial living environment.

Another step, encouraging building construction, could result in private redevelopment, rehabilitation, and property improvement. Private revitalization of deteriorating properties is the key, but building code enforcement of flagrant cases of neglect is also possible.

Deterioration

Problem areas are: mixed land uses; areas of residential deterioration, undersized lots, extreme variety in housing density, spot zoning, and a variety of living types.

All these problems require the long-range, community based solutions to be found in the Peninsula Community Plan.

(Next issue will continue the discussion of community goals, including the revitalization of commercial areas, utilization of the tourist industry, and maintenance of parks and public facilities.)

After Promotion

General Johnson Goes To Washington

Brigadier General William G. Johnson left San Diego for Washington, D. C. this weekend to fulfill his appointment as Assistant Chief of Staff (air) at Headquarters Marine Corps, after his promotion from Colonel.

Brig. Gen. Johnson was administered the oath of appointment by Major Gen. Lowell English, MCRD commanding general, in ceremonies at the depot last week.

Johnson, a veteran of 26 years' service, is the Marine Corps' newest general officer. He joins 10 other Marine colonels recently selected for elevation to one-star rank.

Brig. Gen. Johnson has served at MCRD for 14 months as head of the depot's logistics and supply system. The 47-year-old Marine reported to MCRD in Sept. 1966 following duty in Vietnam where he commanded a Marine aircraft group.

Third Cross

His command earned him a third Distinguished Flying Cross with the two earned in Korea. He has also received the Bronze Star Medal with Combat "V," four awards of the Vietnam Cross of Gallantry, and the Vietnamese Medal of Honor First Class.

Gen. Johnson has also served in staff positions, including Congressional Liaison Officer of the Legislative Office of the Secretary of Defense.

Gen. Johnson is married and has three children.

Representatives

City Councilmen Harry Scheidle and Floyd Morrow have been named as the City Council's liaison representatives to the governing board of the San Diego Stadium Authority. Morrow replaces former City Councilman Ivor deKirby as a liaison member.

Walsh Thinks State Patrol Could Help

Councilman Jack Walsh yesterday reiterated his suggestion that California Highway patrolmen should patrol San Diego freeways after learning that Los Angeles—the only other city which patrols its own freeways — is considering the idea.

Walsh proposed the idea earlier this week in a memo to City Manager Walter Hahn, Jr., then learned of the similar proposal in Los Angeles. Walsh said that the 24 per cent increase in the San Diego traffic fatality rate during 1967 aroused his concern.

According to Walsh, nearly 50 per cent of all traffic fatalities in San Diego occur on freeways, but only 20 per cent of traffic citations are written for freeway violations. Walsh asked Hahn to provide him with information relative to the level of enforcement now offered by San Diego police on freeways and what level of service the Highway Patrol could offer.

Walsh also requested information on the depth of accident investigation that would be provided by the Highway Patrol and asked if it would be adequate to result in reducing hazards.

Walsh said he has received no communications from the city manager to date on his proposals.

Approval Sought For Dana Inn

Plans for a 222-unit hotel in Mission Bay Park's Dana Basin will be resubmitted to the city for approval within 10 days, according to the developer.

Gene DeFalco, Jr., representing the Fabulous 5-7 Corporation, said that the city had sent initial plans back for revision. DeFalco's firm and the operator of Dana Marina will construct the new facility.

A spokesman for the city manager's office said that approval for the hotel had been granted more than a year ago, but that construction was halted because of financial reasons. DeFalco said that construction will start immediately after city approval of plans is obtained.

The million dollar facility, which will have additional units at a later date, will have rental rates lower than most present hotels in the bay, according to DeFalco. The city is expected to seek proposals soon for two additional hotels in Mission Bay, probably at Quivira Basin and at a site south of the present Hilton Inn.

The new Dana Inn, as it will be called, will be the sixth hotel in Mission Bay. There are presently about 1,000 hotel rooms in the bay.

Additional construction is now planned or underway at both the Hilton Inn where an eight-story structure is proposed and at the Catamaran Hotel which recently gained an okay for a 13-story high-rise.

Doll Party Rescheduled At Recreation Center

The after-Christmas doll party, which usually draws 150-300 children, suffered from a serious lack of young participants, according to mothers of the eight little girls who showed up for the party recently. It was cancelled.

The mothers have staged a re-run, scheduled for Sat., Jan. 13, at 1 p.m. in the Ocean Beach recreation center. A fashion show and a performance by the Peninsula Ballet Company will entertain the little girls and their dolls.

This time, said Chairman Page Cummins, the mothers are hoping all the little "Indians" in the Peninsula will come to the tea party.

Maybe mothers can round up enough girls to consume the six gallons of punch and 24 dozen cookies left over after the first eight little girls had eaten their fill last week, said Mrs. Cummins. Cookies and punch have been donated by mothers throughout the community.

Mothers, daughters, and dolls from all over the Peninsula are invited to attend. Girls should try to dress up like "mommie," with old hats and girl-size shoes and dolls in tow.

Door prizes and other awards will be given.

Any mother wishing to help donate old dresses or cookies is invited to call Mrs. Cummins at 222-7615.

The Brownies, Junior Scouts, and Cadets will do the planting in cooperation with similar efforts throughout the county for the 200th anniversary in 1969.

State Plans Improvements In City Routes

The California Division of Highways announced today that the Division is currently seeking bids for effecting three traffic safety improvements in San Diego, according to District Engineer Jacob Dekema.

The first will be along Interstate 8 in Mission Valley between the Presidio Park overcrossing and U.S. 395.

Improvements in this area will consist of lengthening the off-ramp from east-bound Interstate 8 to Hotel Circle, and installing a new directional sign in advance of the ramp.

Also included will be the relocating of present overhead lighting and the installation of a new light.

The second project calls for improving a curve on Murphy Canyon Road (State Route 103) at the entrance to Camp Elliott.

The slope of the roadway, or the superelevation will be increased and lane delineating pavement markers will be placed along the length of the curve.

The last project will be along Rosecrans Street (State Route 209) between Hugo and Carleton Streets.

The project calls for constructing new left-turn storage lanes for east and west-bound traffic at Carleton, Dickens, Emerson, Fenelton, Garrison and Hugo Streets.

Bids will be opened in Los Angeles Feb. 1, and if found to be satisfactory, work could be underway within 30 days with completion expected by late spring.

When "Die Fledermaus" was first played on April 5, 1874, in Vienna, rumor suggested that Strauss had completed the operetta in 42 days.

Continuance Was Granted

A six-week continuance to apply for light industrial zoning was granted a wholesale television distributor by City Councilmen Thursday after they refused to allow him to operate his business in a commercial zone.

H. S. Haughton, who represented Walter E. Fiedler, Inc., had asked that he be allowed to construct a building in a commercial zone at the northwest corner of Morena Boulevard and Savannah Street. Councilmen would have been required to allow 40 per cent of the space to be used for storage where only 25 per cent is permitted in the commercial zone.

The light industrial zone has no restrictions on amount of space used for storage.

The First Southern Baptist Church of Clairemont, located at 3219 Clairemont Mesa Blvd., will present Al and Ivy Walsh in Concert Friday, Jan. 12 at 7 p.m.

This personable husband and wife team, Baritone and Soprano, blend musical and spiritual harmony that is thrilling to hear and inspiring to see in performance.

They are invited to sing for the thousands who attend the Southern Baptist Convention and Evangelistic Conferences, and for their services in Evangelistic crusades throughout the country they are booked year-round. Al and Ivy have recorded two long-play albums.

Prior to devoting their lives to full time Christian service they gained their popularity as entertainers and concert artists.

State Court Meets Tomorrow Afternoon

The first session of the California State Supreme Court ever to be held in San Diego will take place tomorrow at 2 p.m. in the Palm Room of the U. S. Grant Hotel when 79 San Diegans who passed the fall Bar examination will be formally admitted to the practice of law.

Chief Justice Roger J. Traynor will preside and Mr. Walter B. Chaffee, a member of the Committee of Bar Examiners will move that the new lawyers be admitted. Mr. William B. Enright, a member of the Board of Governors of the State Bar of California, will then address the admittees. Later that day, at 3:45 p.m. in the U. S. Courthouse at 325 West F St. the admittees will be officially sworn in before the Federal Court with Judge Fred Kunzel presiding.

Yesterday the visiting Supreme Court Justices attended a special dinner, hosted by the San Diego County Bar Association President Jack R. Levitt and the Board of Directors of the Bar Association, at the Cuyamaca Club.

San Diego attorney and Bar Association officer Paul D. Engstrand, Jr., will act as chairman of the dinner and also for the reception honoring the Supreme Court members to be held at 8 p.m. in the Palm Room at the Grant Hotel.

Shakey's Pizza Parlor Receives Praise From Anonymous Customer

Letters of appreciation from satisfied customers are always welcome. But the Shakey's parlor on Othello St., recently received from an anonymous customer, an "Ode to Shakey's," which parlor personnel found especially unique and gratifying. Since the poetry captures the spirit of a Shakey's parlor so well, we are pleased to print its full text:

"ODE TO SHAKEY'S"

It was September sixth, another warm and shady day . . .
I was out window-shopping with my friend when I
heard her say

I've heard about a swinging place that I think
we ought to see,

And I said do you remember what the name of it might be
Shakey's Pizza Parlor is the name —
and Othello Street — that's the spot.

The pizzas are the greatest; I'm told they're not to be forgot!
A warm and cozy atmosphere, a friendly greeting too . . .
Show that a fun-filled evening is surely waiting for you.
You'll sing your favorite songs, both the new and the old
And some will bring back those special memories you hold.
Playing for you nightly are some real talented gents —
The sound of their music is always a delightful event,
For there's no better listening, let there be no mistake
Than a piano and banjo ad the sounds that they make.
So if you find you're feeling low, you'll know where to go—
Head for ye old pizza parlor, that's Shakey's on Othello.
And if you're feeling happy, by all means stop in, too . . .
Shakey's is for everyone, but especially for you!

—Adv.

Real Test Week Away For Madison

Hot 'Hawks Bomb Bucs, Face University Next

By LARRY LITTLEFIELD

With perhaps the biggest games a week away, only one problem faces Madison High's fast starting Warhawks in preparing to meet University High Tuesday.

The 'Hawks put defensive specialist Mike Cohen to work Friday and enjoyed fantastic results but it's impossible to give the junior forward-guard a "special assignment" against the Dons in a 3 p.m. game at Madison.

Perhaps it's just as well. There's not much Cohen can do for an encore after holding the league's top non-league scorer, Dennis Mayville, to a scant six points.

"They told me he (Mayville) was a great shooter, quick and had the good moves," Cohen said. "I just tried to get to him as quick as I could and stay with him. He got five points real quick and I thought I was in trouble."

The Mission Bay sharpshooter, who entered the game with a 23-point average, was hampered all evening by Cohen, who stuck to him like batter on a rusty waffle iron. Madison romped to an easy 72-44 victory to help open Western League play.

Meanwhile, Kearny spoiled University's league debut, 43-34, and La Jolla shocked the entire sports world with a 59-57 upset victory over Point Loma.

Clairemont, drawing the first league bye, lost to Hilltop, 54-52, in a thriller and will host this amazing La Jolla group Tuesday at 3 p.m. Meanwhile, Point Loma travels to Mission Bay for the third league battle of the day, also at 3.

Giant Ron Dahms, looking like the Jolly Green Giant in the Valley of the Seven Dwarves, scored 33 points to make a mockery of his publicized duel against Mayville. Cohen saw to that.

Dahms connected on 13 of the 18 shots he took and hit seven of 10 free throw attempts. Overall, the 'Hawks sank 28 of 52 shots from the field for a torrid 53 per cent while Mission Bay took 81 shots and made only 17 for a horrible 21 per cent. Phil LaValley was the only Buc who could find the hoop and he tallied 16 points.

It was a contest for only about five minutes. Mayville's last field goal made it 7-7 and there was only 2:58 left in the first half when Mission Bay's next field goal went in and the Hawkers led, 38-14. At the half it was 42-19.

The fact that Madison had played 15 games prior to its league debut and Mission Bay was only involved in eight was painfully obvious. The Bucs started 6-8 center Steve Arter, out all of December with a broken foot, but the big Buc had no timing, grabbed but a few rebounds and scored only two points.

Meanwhile, Dahms received fine support from Phil Edwards and Tiny Tim Amrine, with 12 and 10 points respectively. Dahms wanted to give two of his points to Cohen in appreciation, but Cohen is Madison's man to prevent points, not make them.

"He's a fine defensive ballplayer," 'Hawk coach John Hannon said. "The boys did a fine job tonight, but it's still too early to make any predictions."

With University having low scoring balance, Cohen need not worry too much Tuesday. although the 'Hawks meet Kearny next Friday and he may be matched with Lee Tyler.

Tyler scored 18 points in Kearny's win over Uni, but it was Wilburn Strong who made the difference with his best of the season 19-point effort.

La Jolla received a similar performance from Jim Poet whose best output had been 10. His 15 points, coupled with Dennis Downie's 19 gave the Vikings the biggest upset of the young season. Point Loma's Charlie Garten ripped the nets for 30 points.

Leaders Battle In Soccer Today

What promises to be one of the top soccer games of the current season takes place at Robb Field in Ocean Beach today at noon.

The high scoring Palacios Brothers, Manola and Jorge, pace the Pan Americans, along with defensive standout Memo Hecht.

Oscar Bonetto, who tried out as a placekicker for the San Diego Chargers, is the top scorer for Internationale and Mario Martinez is the team's big man of defense.

Surf Scene

By DOUG SMITH
City Surfing Coordinator

UPCOMING MEETS — The University of California at San Diego State will meet in a surfing duel at the La Jolla Shores today starting at 7 a.m.

RECENT MEETS — A major upset was scored in the International Surfing Championships at Makaha in Hawaii when Martha Sunn of Hawaii defeated California's Joyce Hoffman for the women's title. Nancy Emerson was third.

Joey Cabell, a Californian living in Hawaii, won the senior men's division with Fred Hemmings, Honolulu, second and Peter Drouyn of Australia third.

The Junior Boys Division was won by Reno Abellra of Honolulu with Hawaii's Stanly Saragosa second and Neal Norris of San Diego's Las Olas Surf Club third. Congratulations Neal!

The tandem event went to the California team of Bob Moore and Patti Young of the Hobie Surf Team.

SURFING ISSUES — The new Western Surfing Association has started business with the discussion of new ideas and preparation for surfing competition in 1968.

SPECIAL EVENTS—There seems to be some confusion over a national surf meet scheduled for Galveston, Texas, over the Easter Vacation, with too many people trying to handle the event.

This, coupled with the fact that there are two different meets proposed, is causing the "storm surf" and when a firm conclusion is met regarding the meet it will be easier to report the details.

SURFING CONDITIONS—Today's low of 2.1 will come at 10 a.m. and the high of 3.1 at 3:06 p.m. Extreme high tides have subsided this weekend, but will return Jan. 13 with a high of 6.3 coming at 7:24 and on Jan. 14 with a high of 6.6 slated for 8 a.m. Water temperature: a cool 56 degrees.

PERSONALITY OF THE WEEK: Dave McIntyre — A very business minded individual, Dave is the treasurer of Windansea Surf Club, and a member of the La Jolla Town Council Park and Recreation Committee. Now the owner of his own surf shop, Dave hopes to return to Cal Western to complete his schooling.

Surfing since 1965, Dave favors Gunnary Point and the La Jolla Shores as his favorite spots. He and Skip Frye have been selected as judges for a surf meet in Texas over Easter Vacation.

Masters Track & Field —A San Diego 'First'

Nationwide interest has been created in a unique athletic "first" in San Diego—expected to make history when held next July 19 and 20 in Balboa Stadium.

The First Annual U.S. Masters Track and Field Championships for men 10 years of age or older has drawn requests for information and entry blanks from every corner of the U.S.

An outgrowth of the annual Masters Mile for 40 and under, instigated by Attorney David Pain three years ago during a local Amateur Athletic Union meet, the Masters Track and Field Championships is expected to become a permanent addition to the national track program as well as an inspiration for many other "over 40" meets throughout the nation.

Sponsors are the City of San Diego Recreation Department, the San Diego Track and Field Association and the Los Angeles Seniors Track Club.

Events will include 100, 220, and 440-yard dashes, 880, mile, two-mile, six mile and marathon runs, three and six-mile racewalks, a Sextathlon, a four-man mile relay, and javelin, shot put, discus throw, long jump, high jump, pole valut and triple jump. All will be held at night.

First seven of the above mentioned events will require easy minimum performance standards, such as :16.5 seconds for the 100. All entries must have a physician's certificate of physical fitness and proof of age.

Information and entry blanks may be obtained from Meet Director Ralph Smith at the San Diego Recreation Department, Balboa Park, San Diego.

Distance Stars Enter San Diego Indoor Meet

The only Americans in Olympic Games history ever to win the long-distance races—San Diego's Billy Mills and Bob Schul—have sent in entry blanks for the second annual San Diego Indoor Games.

The meet will be held Feb. 3 over the brand new boards at the San Diego Sports Arena.

Mills is the only American ever to win the 10,000 meters in Olympic annals, while Schul holds a similar honored position as the only Yank ever to grab the gold medal in the 5000.

Both Mills and Schul are on the comeback trail with plans to defend their medals at the Mexico City Olympiad in October. They'll match strides in what should be a tremendous two mile in the San Diego Indoor Games.

Mills ranks as one of the longest shots ever to win a gold medal as he came out of oblivion to become one of the heroes of the 1964 Games at Tokyo. Schul was well-known but he wasn't supposed to beat the likes of France's famed Michel Jazy. But he did and thereby achieved the honor all trackmen want.

Billy, now a San Diego insurance executive, has been training well. He knocked off a practice 8:35 two mile recently, fastest of his career. Schul also reports his conditioning is coming along well and that he's optimistic he'll be able to regain his old form.

YOUR GOOD HEALTH

By
DOCTOR JOHN J. FLYNN
Doctor of Chiropractic

Q—I'm 62 and I've had high blood pressure and a bad heart for years. I'm constantly watching what I do and worrying when I'm doing it. I've given up golf and just about every thing else. I'm bored, cranky, and can't sleep nights. Can you help?

ANSWER — The automatic functions of your heart and arterial blood circulation are directed by the nervous system. Professor W. B. Cannon, of Harvard University, writing in the American Heart Journal, explained how the nerve system affects the state of these main arteries. His investigations showed that if certain vital nerves are pinched off, or impaired in any way, high blood pressure develops. There are two kinds of nerves affecting the heart —the vagus and the sympathetic — that originate from the spinal cord in the thoracic or upper spinal column between the shoulder blades. If a spinal misalignment or vertebral displacement resulting from an old injury, strain, or just poor posture, has pinched vital nerves, here, then the strength, tone, and circulation of the heart muscle can be seriously impaired. Chiropractic corrects spinal misalignments. It relieves abnormal pressure on the nerve trunks and their branch systems restoring their full, normal transmission of nerve energy to properly regulate heart function and blood circulation.

An X-ray should be taken to determine if a nerve impingment is causing your high blood pressure. Sleeplessness and constant worry also place a tremendous strain on the heart—they are two of the most serious destroyers of good health.

WORRIED SICK

Q—I'm 37 and have been divorced for three years. I live alone and I'm worried sick. I've developed intense pain in my hands. My mother had arthritis. It started in the joints of her fingers, and it got worse until she was bedridden. She had aspirin, gold salts, and ATCH treatments. Nothing ever seemed to help. What can I do?

ANSWER—This sounds like rheumatoid arthritis, and it is extremely painful and disabling. The first danger signs are, as you indicate, a swelling of the joints, redness, tenderness and pain. Many cases also start with stiffening in the fingers. In arthritis cases, corrective Chiropractic seeks first to remove any possible source of irritation to the nervous and muscular systems, caused by spinal misalignments or vertebral displacements. The main nerve trunk lines with their delicate branches must be allowed to carry their full capacity of nerve energy to the affected joints, to help maintain their mobility. In many cases, full health can never be completely restored, but, if mobility in the joints can be maintained, then arthritis can often be stopped. Chiropractic, with its foundation in biological principles, has provided relief in many arthritis cases—drugless relief without the danger of damaging side effects.

FREE X-RAY

Q—I know you offer a free initial X-ray but, do chiropractors have complete knowledge in this field?

ANSWER — The first full length single exposure X-ray of the entire spinal column on a 14" by 36" film was accomplished by a New York Chiropractor in 1932. This remarkable early achievement was widely reported by Eastman Kodak Company in their Journal of Radiography. I mention this to emphasize that X-rays are not a new device used by chiropractors recently. Many chiropractors have made major contributions to the development of the X-ray technique. My college training, like most chiropractor's, included 292 hours of X-ray instruction.

Doctor Flynn welcomes your letters on health problems. Mail your questions to his office at 6943 Linda Vista Road or telephone for an appointment to discuss your problem directly with him. Free initial X-ray, examination and analysis. Telephone 278-2902.

CUTTING VASILOPITA . . . a nation wide event today will be held immediately following the morning liturgy at St. Spyridon Greek Orthodox Church at the corner of Park Blvd. and Cypress. Vasilopita . . . in case you don't know . . . is a sweet bread known as New Year's Bread. But better than that, the loaves contain silver coins and the finders of the coins are promised good luck during the year. The tradition began with St. Basil, patron saint of the orphans, widows and the poor. The annual ceremony is sponsored in San Diego today by the Greek Orthodox Ladies Philoptochos Society. All the congregation has been invited to attend. A prayer will be said by the Rev. Theodore Phillips and then the bread will be cut and distributed.

Mrs. Theodore Nicholas is the president of the Society. Chairman for the Vasilopita this year is Mrs. George Mastorakos with Mrs. James Krooskos as co-chairman.

Committee members baking and donating the bread include Mmes. Lucas Michas of Clairemont, George Balaban, Nick Photinos, George Dranis, George Paskle, Vasilios Horeftis, and Evangelos Arapostathis.

"LIFE WITH FATHER" . . . will open Tuesday night at the Old Globe Theatre and one Father in attendance is going to be surprised . . . the one with the most children! They (the children) don't have to be in attendance, because the Globe Guilders are going to give him a free weekend trip for two . . . out-of-town. And they don't care who he takes with him!

The opening night dinner party at the San Diego Yacht Club will begin with no host cocktails at 6 p.m. followed by dinner at seven. Curtain time at the Old Globe is at 8:30 p.m.

Mrs. Keith Jeffrey of La Jolla is the dinner chairman for opening nights. She is being assisted Tuesday by Mmes. John Choisser, Harvey O. Randel and William McKenzie.

SPEAKING OF . . . parties . . . the Walter Miner's home on Kendall was the center of much activity during the holidays. First to arrive were Mr. and Mrs. Dale Pharis (she was Betsy Miner) of Austin, Texas. Dale will be graduated from Texas University Law School this year and Betsy is teaching in Austin.

Lt. James Miner, USAF, Mrs. Miner (nee Ann Butler) and their three youngsters Michael, Katherine and Jay came from Tempe, Arizona, where Lt. Miner is doing graduate work under the Air Force Institute of Technology at Arizona State University.

Last but not least were the Robert Miners of Opal Street. This was the first reunion of the entire family since the Walter Miners returned from their tour of Russia with the Citizen Exchange Corps this past summer.

JUST RELAXING . . . Dottie Dudley Muth of La Jolla is recuperating from a happy but busy holiday season . . . just to name a few out-of-town guests . . . a son and his wife, Mr. and Mrs. Dudley Muth of Los Angeles, Mrs. Newson Browning and daughters, Gailey and Kim of Ria Alto, Miss Elizabeth Bozzi of Riverside, Mrs. James McCoy of Pasadena and Mrs. Wilbur Kennard of Tiberon.

And then there were . . . another son and his wife, Mr. and Mrs. Rodney Muth of Clairemont and another, Greg, who left for Hawaii Jan. 2 as soon as the celebration was finished.

Wednesday before Christmas Dottie had a grand open house. She said it was so crowded . . . there wasn't any room for Santa!

* * *

JAMES A. SIKES . . . son of Mrs. Alice Weaver of Clairemont and grandson of Mrs. Mary Frazee, also of Clairemont said goodbye Tuesday when he left for basic training with the US Army at Fort Ord.

He also said adieu to his wife, the former Linda Sumner. She plans to stay with her parents until he has finished his training. James was graduated from Clairemont High and was a former Sentinel employee.

THE A. H. ROCK . . . family had a reunion Christmas Eve at their home in Crown Point and the two guests in the honor spot were David Andrew Rock, new arrival (Dec. 15) at the Tom Rock home in Point Loma and Matthew A. Wentz, son of Sgt. and Mrs. Hugh Wentz (she was Carol Rock) (Nov. 17) at their home in 29 Palms, where he is stationed with the US Marines.

Such excitement . . . weights had to be compared, diets, toys, etc. Great-grandparents, Mr. and Mrs. Frank Y. VanValin gave their approval as well as great-aunt . . . Miss Margaret Detrick of San Diego.

Following dinner the two babies were snuggled all warm in their beds (in new nighties!) but they couldn't have cared less about the arrival of Santa Claus!

DENVER VISITOR—Visiting with his daughter, Mrs. Arthur Wende, right, of Clairemont is Ross F. Harris of Denver, Colo. His wife Emma will join him for a cruise of the Hawaiian Islands and they will visit San Diego again before returning to Denver.

Town Council Trustees Will Meet Tuesday

The regular monthly meeting of the La Jolla Town Council Board of Trustees will be held on a different day than usual this week according to Karl ZoBell, chairman of the board.

The trustees will meet Tuesday at 4 p.m. in the Mural Room of the La Jolla Federal Building.

"It is essential that trustees be present as the proposed amendments to the by-laws will be voted on," said ZoBell. "This was to have been done at the December meeting, but not enough trustees were present."

SENTINEL BLACK OUT BINGO CONTEST RULES

Contestants must be 18 years or older, on or before the start of each monthly contest. Full time Sentinel and Peninsula News employees are not eligible.

HOW TO ENTER: All paid subscribers to the Sentinel and Peninsula News will receive a Free Bingo Card from their carrier boy prior to each monthly contest. Persons other than paid subscribers can enter by obtaining a Bingo Card at the Sentinel Circulation Office, 2724 Garnet Ave., Pacific Beach, Monday through Saturday, 3:30 to 6:00 p.m. before the start of each monthly contest. Only one Bingo card will be issued to a dwelling each month for the length of the contest.

HOW IT WORKS: 25 numbers will be drawn from a "Bingo Basket" each week. These numbers will be published exclusively in the Classified Section each issue . . . to appear in Thursday's paper, and 15 on Sunday. All numbers will be returned to the "Bingo Basket" after each weekly drawing

HOW TO WIN: Match the numbers that are published each issue with those that appear on your Bingo Card. All numbers drawn are "alive" for the entire month's contest. When all numbers on your card are "blacked out" (be sure all numbers are still readable), you must present your card at the Sentinel Circulation Office no later than 6 p.m. Friday, following Thursday's paper, or 6 p.m. Monday, following Sunday's paper to be eligible to win.

CASH PRIZES: A new $25 Jackpot will start after a Jackpot has been won. It will continue to increase $25 each Sunday until another winner has been determined. If there is more than one winner, the cash prize will be divided equally. All cards and numbers will remain valid until the end of that month's contest, when new cards will be issued and new numbers will be drawn. However, all remaining money in the Jackpot will carry over from month to month. Winners will be announced in the Sentinel and the Peninsula News.

Anyone requesting further information may call The Sentinel Circulation office at 274-3212.
